

DESIGN AND
FABRICATION

Materials and processing

All stainless steel welded construction, meeting the highest standards of hygiene and durability. The Custom Display has low energy consumption thanks to its reinforced insulation and innovative design for optimum regulation.

Central Cooling System Connection

Ginox is able to choose, size and regulate all the components. Custom Displays have the perfect temperature control no matter which is the central cooling system to where they are connected: Glycol, CO2, R448, R449, R454, R455, ...

EQUIPMENT

Tools and features

Optimum air circulation for fast, even cooling. The custom display features a digital controller and display for precise control and easy parameter setting. Adjustable support grids guarantee unique equipment configuration.

R290 refrigerant

Stand-alone COLD range exclusively cooled with R290, the most environmentally-friendly refrigerant on the market. With a low energy consumption thanks to reinforced insulation, innovative design and optimal control.

CUSTOM DISPLAY

SLEEK, REFFINED
DESIGN FOR UNLIMITED
FUNCTIONALITY AND
CREATIVITY

Entirely designed in Switzerland, the Custom Display is an exceptional refrigerated display case combining innovative functions, studied ergonomics and sleek design. The result is a display that meets all today's requirements in terms of functionality, efficiency and cost-effectiveness.

A 100% CUSTOMIZED
LAYOUT

Custom display is designed to suit every need. Whatever the size, configuration or capacity of your space, we'll tailor a custom display to your requirements.

A 100% SWISS
DISPLAY

Custom display is designed to suit every need. Whatever the size, configuration or capacity of your space, we'll tailor a custom display to your requirements.

Delivery and assembly at the customer's premises

Product delivered in one piece or assembled on site to allow easy access to the installation area. No joints or assembly welding required. Possibility of coordination with the contractor and all other utility providers.

100% GINOX
EXPERTISE

Swiss Know How: Ginox Swiss Kitchen is an industrial company founded in 1875, active in the manufacturing and supply of innovative, high quality and sustainable food service solutions for commercial kitchens. Manufactured products include hoods and ventilated ceiling with patented and proprietary self-cleaning and filtration technology, cooking suites with modern design, versatile and practical refrigerated displays and a full range of fridges,

cabinets, and furniture in stainless steel conforming to the highest specifications in terms of hygiene, usability, and durability.

From its headquarters in Montreux, Switzerland, to its factory in Ras Al Khaimah, United Arab Emirates, it provides turnkey project solutions and services and delivers standard and custom-made products and appliances to clients and kitchen contractors around the world.
